

VOTE FOR A BETTER BRADFORD

Do you want a bright future for you and your family in Heaton and Frizinghall?

Are you worried by:

- Social segregation
- Political and religious extremism
- Inequalities in education
- Anti-social behaviour?

Are you fed up with leaders who say that everything in Bradford is wonderful when you know this is not true?

Are you concerned that certain issues are treated as too sensitive to discuss in public?

Are you opposed to racism and religious intolerance?

Do you prefer a lively multicultural area, where fundamental beliefs and ways of life are respected?

Do you wish to see a more honest public debate about our problems?

If your answer is 'Yes' to most of these questions, you can send an unmistakable message to the party leaders in City Hall, by using one of your three votes on June 10 to support

ALAN CARLING
in HEATON WARD
